

Raj Aryan

Aspiring Software Developer | Python Enthusiast | Web & App Development Learner

Career Objective

Motivated diploma student with a strong passion for coding and software development. I enjoy building practical projects using Python and continuously learning web and app development. Currently looking for internship opportunities where I can contribute, learn from experienced developers, and improve my technical skills.

Education

- Passed Class 10 from MGM Higher Secondary School, Bokaro.
- Currently pursuing Diploma at SLIET (Sant Longowal Institute of Engineering and Technology), Longowal.

Technical Skills

- Python
- Basic Web Development (HTML, CSS, JavaScript)
- Interest in App Development
- Git & GitHub
- Problem Solving

Projects

Sync Bridge – Project focused on improving connectivity and workflow.

Vision X – AI-powered project exploring intelligent features.

Raj Jarvis – Personal AI assistant built using Python.

Mac Controller – Python-based utility to control and automate Mac tasks.

Areas of Interest

- Python Development
- Artificial Intelligence
- Web Development
- App Development
- Building Real-World Projects

Languages

- Hindi
- English
